

Ornamental Cart Corral

Enjoy all of the benefits of our quality cart corrals with added ornamental iron design and durability. This upscale corral has heavy-duty, durable construction and can endure years of tough usage in parking lots. These units are designed to increase the architectural aesthetics of your parking lot.

FEATURES:

- Upscale ornamental iron style
- Constructed of heavy-duty galvanized mechanical square tubing that provides years of superior durability
- Heavy-duty design helps keep unit in place, but can be moved for snow plow operations or repositioned for traffic flow
- Steel is topcoated with Super Durable Siliconized Polyester powder-coat, specifically formulated for outdoor use
- Increased visibility with upscale design
- Ships knocked down for freight savings
- Quick and easy assembly

OPTIONS:

- Single or Double entry
- Anchors
- Header available in the entry or rear of the corral
- Shopping cart rub rail can be galvanized finish or powder coat finish
- Available with or without center lane divider
- Custom signage available, sold separately
